ARLINGTON HEIGHTS TO CELEBRATE THE FOURTH

FIVE HUNDRED CHILDREN OPEN CAMP REINBERG

Camp Reinberg, the only fresh air camp maintained by Cook county, opened Monday at Deer Grove, with an attendance of nearly five hundred children. The present season promises to be the greatest in its history. A total of 3,500 children will receive outings. Camp Director Stanley O'Carroll states that the camp is the most efficient, than at any time since it was laid out. It was twelve years ago that Mr. O'Carroll came to Deer Grove and assisted in the organization of Camp Reinberg. The size of that camp has been greatly increased during that time. Thousands of dollars have been spent in improvements. The number of buildings have increased from three or four to twenty. Today, it is a young city with every modern improvement. Its effectiveness has increased as new improvements have been added until today Mr. O'Carroll realized his dreams of a model fresh air camp. It has been slow work and at times there were small funds provided to "carry on." Today, the camp has vindicated itself. It has proven its value and the necessary appropriations are forthcoming. First of all it is free from politics. Political appointees usually do not enjoy working 16 hours a day, which is necessary of much of Camp Reinberg's help. Employees must have a "heart" interest.

Every member of the staff of 33 people are in their work for the pleasure they find in it. The directing heads of the various departments are trained executives, who must have had experience in dealing with the class of children and mothers who come to Camp Reinberg. Their interest must be otherwise than commercial. They must take a fatherly, motherly, sisterly or brotherly interest in their charges.

Such a camp requires a great amount of detail and a varied staff for the first time in the twelve years of its existence, is now near the hundred per cent efficiency mark.

Camp Reinberg costs the county over \$15,000 a season to operate. Yet the cost per child last year was only 67¢ a day. Replacement charges this year have been rather heavy.

There is not a dull moment for the children who go to Camp Reinberg. Mr. Carroll purchased \$500 worth of athletic equipment last week. As a whole that may sound rather large, but it must be remembered that there are twelve 3,500 children who will use it. It will be also interesting to know that a careful check is kept of such equipment and that during the past ten years, there has not been even a baseball that was stolen. The balls, gloves and bats will wear out, but the children protect the property. In the purchase of the athletic equipment are included games and articles for pastime activities for use during the quiet hour or during rain. Twelve tables have been purchased and placed at advantageous points around the grounds, around which small groups can congregate for their favorite game. These games, tennis rackets, etc. are all of standard high grade material. It has been proved a waste of money to purchase the other kind.

There is nothing that adds to the enjoyment of the children and mothers as the prizes, often of very small intrinsic value, which are given at the camp fires. Mr. O'Carroll spent nearly all one day at Shur & Co. and purchased \$250 worth last week.

Camp Reinberg reached its present perfection by thought of one person. When the mothers go to their homes, they are asked to write back suggestions for improvements. Many such letters are received. As far as possible the suggestions are carried out. The innovation of serving crackers and milk about three o'clock each afternoon to the small children is one of these.

The mother's cabin was built a year ago, but it was not fully equipped until now. Several dozen rocking chairs have been installed, an floor lamp, a library of 250 volumes of fiction from the Chicago library, has been installed. Another change of benefit to the mothers is a senior woman advisor, who supervises the girl recreational advisers and gives direct attention to the mothers. Every morning, the mothers are gathered together and given a talk on nursing, child hygiene, a nurse is sent from Miss Palmer, supervisor of Cook county nurse service, to give talks. Improved facilities are provided for the bathing of the babies. Little needs such as clothing replacement of the children is attended to on the grounds. There are probably four gross of buttons that have to be sewed on. Probably fifty to seventy-five pairs of shoes have to be replaced in each group.

These are just a few of the "extras" that are given to the fresh air children and their mothers.

Southern Delegates probably will do about as effective a job of stopping Smith as the middle west did of stopping Hoover.

School of Religion Opened Tuesday At Methodist Church

A summer course in religion was started at the Methodist church Tuesday with a corps of four teachers under the direction of Rev. Billman. The enrollment nears the one hundred mark.

The course as outlined is already proving very attractive. The ages that are served are from the first grade in school including the first year of the high school. The sessions open at nine o'clock and close at eleven. The young people do not spend all of those two hours in study. The daily program includes setting up exercises, volleyball and other athletics aside from actual study of religion. Rev. Billman states that an increased interest is expected and new people as workers. It will continue throughout the summer.

Soil Authority Buys Home in Arlington Hts.

C. C. Compton, formerly of Aurora, connected with the board of registration and education and who has been identified for a long time with the state agricultural department, has purchased a permanent home in Arlington Heights. He is a good team mate for Mr. Barrett, the county farm adviser. While their work is some what different, the job of each is to advance the interests of agricultural, the farm adviser in a general way and Mr. Compton on soil treatment. Arlington Heights is fortunate in having both as residents. Incidentally, both own their own homes in the City of Good Neighbors.

Mr. Compton is engaged in experiments at the experimental station near Des Plaines, assisting Mr. A. A. Lewis, director of that station. This is not Mr. Compton's first acquaintance with Arlington Heights. Five years ago, he directed experiments at the farm of W. E. Meier, who is now a resident of the village. Mr. Meier, expecting to rent a home, Mr. Meier soon convinced him that he should own his own home and accordingly sold to him the Wm. L. Moehling place on South State road.

Mr. Meier reports unusual real estate activity in farms. His firm recently traded two houses in Fairmount, N. D., for 12 acres near Sutton, \$20,000, being involved. A deal was closed last week for 300 acres in McHenry county, involving \$26,000.

The farm of 78 acres on North State road, owned by Mrs. Schoenbeck, of Forest Park, was sold to C. M. Behrens.

New Stonegate Section Opened On Thursday

The first section of Stonegate, comprising a real estate valuation of over \$50,000, has been entirely sold out, and today, the second section is first offered to the public. Hundreds of people from Chicago and other neighboring localities are expected to visit the local property this weekend.

Citizens of this community are also showing great interest in the achievements at Stonegate, many of them having invested in the first section. Among the prominent men of Arlington Heights who now own Stonegate homes are Mayor Plentz, William Weber, G. W. Zander, C. M. Behrens, Walter F. Karstens, Ed Schlenker, Eugene Heller and Burton Hills.

With construction to start immediately on a new group of sixteen homes in the second section, the total building contracts at Stonegate are now in excess of \$1,000,000. The buildings, for which Walter Hunnemoeder is the architect, will be completed for occupancy in September.

An interesting feature of the second section will be the Three States boulevard, which skirts this portion of the property. This boulevard is a part of the Tri-State Highway, designed by the Regional Planning Association to extend from Milwaukee to Michigan City. The section being constructed at Stonegate is expected to serve as a model for the remainder of the highway. Double one-way drives, with a central parkway 100 feet in width, are being developed. It is being pointed out by Cook county officials as an ideal example of modern boulevard construction.

At the intersection of the Tri-State Highway, where the Chicago and Northwestern railroad proposes to erect a passenger depot, the first unit of a model business community is being planned. This structure, which will be of Old English architecture, will house a service station for motorists and a high grade tea room and restaurant. It is being designed by Walter Hunnemoeder.

Second Tri-Ply House Erected at Stonegate

The walls are being laid for the second stone Tri-Ply house at Stonegate, the unique residence section at Arlington Heights. The first house, which will be of Old English architecture, was completed and it has attracted considerable attention from those who have visited it. It is being used by permission of the new owner as "the most interesting demonstration home in the middle west."

CAMP MEETING TO OPEN NEXT WEEK FRIDAY

The Sixty-ninth annual Des Plaines camp meeting will open next Friday, July 6, and continue until the 15th. These camp meetings attract Methodists and people of other denominations from all over the northern part of the state. The programs that are being distributed prestige one of the most successful meetings in its career.

Bishop Edwin Holt Hughes, will preach on the first Sunday evening. This will be the first large assembly of Chicago Methodists that the Bishop will address since his return to this area after General Conference.

Bishop L. J. Birney, for eight years one of the Bishops in China, is one of the outstanding men of our College of Bishops. This will be his first appearance at Des Plaines and Chicago.

The Rev. Fred Ingvoldstad is the pastor of the largest Methodist church in the state of Illinois. He is a former member of the Rock River conference. He will speak at the evening service on Saturday, July 7.

Dr. Charles Tidley is the pastor of the largest colored Methodist church in the world. His fame as an orator is nation wide, and his former appearance at Des Plaines Camp Grounds assures him of large audiences.

Dr. Merton S. Rice, one of Methodist's pulpits, is the speaker for Thursday evening. Dr. Rice is unique, his message stirring and his personality dynamic. He is the noted pastor of the Metropolitan Methodist church of Detroit.

Ralph Connor is again on the Des Plaines program. He won the hearts of Des Plaines people last year, and Methodists are privileged this year to have him for a longer period. He is probably the world's best known Christian Novelist, the author of "Black Rock," "Sly P. Lot," "The Man from Glenora," "The Doctor" and many other popular books. His name is Charles William Gordon and he is pastor of the United church at Winnipeg, Canada.

Prof. Edmund D. Soper is loved at Des Plaines Camp Grounds. For three years he conducted the conference, will be speaker for the second Sunday morning service. His outstanding leadership in work with University young people will make him a choice speaker.

Bishop Edwin L. Lee, the newly elected Bishop assigned to Singapore is a powerful speaker. He is to be the speaker on "Preachers' Day."

Sig. Mario Cappelli, He is claimed to be one of the greatest personalities singing before the music lovers of the world. He is an illustrious interpreter of Handel, Mozart, Schubert, and sings the Negro Spirituals with unusual power. His artistic skill is baffling. Sig. Cappelli gives the impression of a vast consciousness in all his work, scholarly, artistic devotion. He is an example of the best in music today.

The Rev. F. F. Farnille will be the leader of the Bible Hours held every morning at 9:30. Dr. Farnille holds a distinct place in the hearts of Des Plaines people.

The Rev. Charles H. Draper, has been selected as Business Manager and Chaplain of the Camp Grounds for the 1928 season. Mr. Draper is unusually fitted for this important task in promoting the aggressive program which has been planned for this year. His natural gifts as a preacher and business leader make him an ideal choice. His experience too will serve well at Des Plaines. He has served on the Board of Directors of Old Orchard Maine Camp Grounds. He has served as Dean of Kent's Hill Epworth League Institute and as instructor also in other Institutes and Schools of Religious Education. Mr. Draper will be on the grounds all summer and will direct the religious services other than those of the regular Camp Meeting period.

The Rev. H. Clifford Northcott will have charge of the program during the entire Camp Meeting Session.

Frederick Ebinger and Harold Dodd will be trumpeters for the large Sunday meetings.

Some of the best choirs in Chicago Methodism will appear on the program this year, namely, Glen Ellyn, Irving Park and Euclid Avenue.

This year the carefully supervised program of training and recreation is under the supervision of Mrs. Georgia Coyne and Mr. Leo Montgomery. Mrs. Coyne has had charge of this work for two previous seasons, and brings to this year's work not only a winsome personality and consecrated mind and heart, but an experience that will make this year's work the best yet.

A Day In June

DEPUTY SHERIFF MEETS DEATH IN LINE OF HIS DUTY

Cook county highway Deputy Sheriff John Sweitz, riding from the County Highway Police station at Milwaukee avenue and Ballard road was instantly killed Sunday morning at River road and Bryn Mahr avenue.

Deputy Sweitz and Deputy Petz were riding their post on River road between Desplaines and Maywood, when on their return trip they encountered a speeding car which they pursued. Sweitz being in the lead of Petz for about a block when the car, a 1927 Buick, driven by Dr. C. C. Guy of 1300 E. 56th street, Chicago, going south passed up the car ahead and thereby necessarily getting into the path of Deputy Sweitz, which was done so suddenly so that the Officer had no chance to swing out to avoid colliding. The motorcycle hit the left side of the car throwing it together with Sweitz in the ditch and killing him instantly.

Deputy Petz commanded a car to take Sweitz to the hospital and took the driver of the other car into custody.

Deputy Sweitz was married and has three small children. The funeral was held on Tuesday afternoon from the Chapel in Maywood and interment was made in the Barrington cemetery with an escort of his fellow officers, an airplane following the procession enroute and dropping flowers on the way.

conducted. Mr. Montgomery is a teacher in the Lake Forest Manual Training, a trained Y. M. C. A. Boys' Worker, and a man who is bound to win the hearts of the boys. Parents who bring their children to Des Plaines for any part of the camp meetings should direct them to their leaders who will see that they are cared for and helped.

Des Plaines Camp Grounds is now destined to be one of the outstanding centers for our Methodist young people where clean, wholesome fun may be mingled with religious influences. The dream that has been cherished for years is to be realized this year on the completion of the new swimming pool that is now in the process of construction. Builders are doing everything possible to have the pool ready for the opening of the Camp Meeting time. The pool and its equipment will be modern in every particular, having been designed by Thielbar & Fugard, Architects. The buildings will harmonize with the general plan of the new residences. The pool will be 100 feet by 60 feet and suitable for all kinds of modern swimming meets. The popularity of this feature of the program is indicated from many quarters through the inquiries that are constantly being received. Des Plaines will have its pool this summer, and the trustees hope that it will more than meet all of the high expectations we have for clean, wholesome recreation at the Camp Grounds.

Fireworks, Campfire Program Open To Visitors Wednesday

While visitors from those who are interested in the work, to Camp Reinberg, are always welcomed, they are especially invited for next Wednesday evening, when the usual fireworks display and camp fire will be held.

It will be a gala day in many ways. During the afternoon, athletic events and races will be on the program. A band from the Bohemian orphanage on North Crawford avenue, will furnish music. President Anton J. Cermak will be the speaker of the day.

17 Countries Represented

One of the greatest entertainments ever held at Camp Reinberg took place Tuesday evening. Seventeen countries were represented in the league of nations. It was also interesting to Mr. O'Carroll to discover at that time that there were 11 present who had visited the camp every year since it was organized.

ORDINANCE ON SEWER MAY BE READY MONDAY

An adequate sewer system for Arlington Heights is a step nearer realization. It is expected that a revised ordinance will be ready for passage early next month and perhaps on next Monday. As a result of a re-check of the original plans and a study of the existing conditions, the total cost of the improvement can be somewhat reduced. Not alone will it be possible to reduce the original cost, but the cost of maintenance will be less than half as provided in the original plans. This saving is to be made possible by the lowering of the outlet and the elimination of considerable of the sanitary sewer for both the north and south sides.

The double system was originally deemed necessary in order to give adequate fall to the territory to be served. The original plan also omitted the sanitary system from part of the village, serving same only with a drainage system as a partial benefit. It is understood that this section can now receive full benefit, or can have it any time that it is desired to extend the latter.

The re-check of the original plans and this new procedure clears the way for the early completion of the long delayed sewer. The board and the general public have reason to feel elated over the progress that has been made the past two weeks.

Mr. Ralph Gallo, a section foreman for the C. & N. W. Ry. was accidentally killed about 9 o'clock p. m. Tuesday, while on duty with another railroad employee. We understand that the handcar on which they were going home, was struck by a special fast train and he was instantly killed. His companion escaped with minor bruises. Mr. Gallo was a quiet man, well liked by all who knew him. The inquest was held at Glenview Wednesday, at the request of his widow, the body was turned over to Mr. Haben who embalmed and prepared it for burial. The funeral will be held at St. Peter's Catholic church, Niles Center, at 9 a. m. Saturday.

NEWS-O-PHOBIA

Nothing About Something
Something About Everything
Everything About Nothing

Lions will roar on the fourth. Byrd will fly. The Eagle will scream. All on the high school campus. Let others creep along and curse on crowded highways. Enjoy the best celebration yet in our community.

Keynoter Bowers must have used a water cooling system when he wrote that vituperative speech on the republicans. Since when has the Tammany Tiger been such a saint? Reminds me of Billy. Billy yelled "I won't wash my face." Naughty, naughty said grandfather. When I was a little boy I always washed my face. "Yes and now look at it," retorted Bill.

All Smith at Houston. Yet Smith's not so popular in his own state. Here are some figures. When first elected governor in 1918 he carried only four counties outside of N. Y. City (which comprises five small counties). In 1924 he only carried one outside N. Y. City and in the last election he carried four outside of the city. The money that elected him came from the Power trusts, gamblers and brewers.

Coming back again to that Keynoter speech, which crosses the donkey and the tiger and makes a zebra out of it. A little colored girl, a newcomer in school gave her name to the teacher as Fertilizer Johnson. Later the teacher asked the child's mother if that was right. Yes, man, dat's her name, said the parent. Her father's name am Ferdinand and my name is Liza, so we name her Fertilizer. So with the demos, they ought to name the new cross Fertilizer. That first speech had a couple carloads.

Some folks afraid that with the coming of modern invention, Rome will go out. But did Nick Carter ever have any more thrilling adventure than the Swedish plane that rescued Noble and his injured aid? About fifty years ago a clerk in the Patent Office in Washington committed suicide because he was afraid he would soon lose his job. Everything that could be invented has been invented. So with romance.

"Ears reveal the girl if man can sight 'em," says the headline. Its about the only thing the girls keep hidden these days and we always did wonder why—now we know.

Mary Pickford's curls go as Doug weeps.—We suggest the cut off curls be presented to the Field Museum to take their place with the dress of the ancient Egyptian and other relics of past civilization.

Hoover selects "Work" to head campaign. Hoover and Work not a bad combination.

A river becomes crooked by following the line of least resistance, so does a political party.

To protect \$9,000,000 worth of American property and the lives of a few civilians the American government has already spent almost as much as we have invested and the lives of 30 marines besides hundreds wounded. There are almost 5,000 marines in Nicaragua. 15 for every civilian. Is it worth while?

Never in political history has the choice of both parties for President been so speedy. It reminds us of Marjories reply to her mother who said "Marjorie, your aunt has a new baby boy, and I am an aunt, daddy is an uncle and you are a cousin." "My, said Marjorie, "wasn't that arranged quick."

From an exam paper just turned in at a nearby school. "Antony is the human body which consists of three parts—the head, the chest and the stomach." "The head consists of the eyes and brains—if any. The chest contains the lungs and a piece of liver. The stomach is devoted to the bowels—of which there are five—a-c-o-u and sometimes w. c. y."

Hurray for Mrs. Clem Shaver. Her husband leads the wets and she makes a plea for a dry platform. "My heart says to her husband is yours, my soul is God's and my vote is my own."

Near Accident Is Avoided as Woman Leaps From Auto

Circumstances over which no one had any control or is to blame, caused a slight damage Saturday noon to a Buick car being driven across the Dunton avenue crossing of the C. & N. W. R. R.

A switch engine, standing half way between the Dunton avenue and Evergreen street crossing suddenly started forward. The towerman began to ring the bell and close the gates. Mrs. Shelton, coming from the south attempted to stop her car, but failed in this and killed her engine with one wheel upon the first rail. She had the presence of mind to leap from the car.

The engine hit the hub cap and fender, pushing the auto to one side. The narrow escape was a shock to Mrs. Shelton, but she was able to drive the car home.

Lions Back Observance Of Country's Birthday Next Wednesday

AFTERNOON — EVENING

Bams, Airplane Stunts, Baseball Games, Entertainers, and Dance Are Features

Arlington Heights pays honor to the forefathers of these United States next Wednesday. An invitation has been extended to the residents of the adjoining communities to celebrate at Arlington Heights. An afternoon and evening of entertainment has been provided. The entire program will take place at the high school grounds.

In the first place, the Arlington Heights municipal band will start their first concert at 1:30 p. m. This band is the oldest in this part of the state and, under capable direction, their concerts are well worth hearing as is attested by the large number who gather around the band stand every Tuesday evening. This band is not the only one that you will hear that afternoon. The newly organized grammar school band is representative of Young America and will "do their stuff" and will give a concert of their own.

A forty-five minute entertainment program will start at two o'clock. The entertainers will come from Chicago and will be of high class. Upon the same platform a number of short addresses will be given by local people, who are more or less prominent in public affairs. They will all be limited to a few minutes each. There will be no dry, long winded speakers. This is to be a peppy celebration without a dull moment. The entertainers will appear several times during the afternoon, as will also the daylight fireworks.

At 2:45 the roaring sound of an airplane will be heard overhead. This plane will be Judge Byrd's special and will cut up all kinds of antics in the air. We understand that the Judge will insist upon occupying a seat in that plane, which will of course be opposed by his friends, he finally capitulating. However, the plane will be manned by his friends, from the Pal-Waukee air port and will be the same plane that the Judge is using in his practice flights.

This exhibition will culminate in a parachute jump from a height of a thousand feet. Immediately afterwards, the umpire will call "play ball" and the annual ball game between the Arlington Heights Booster Club and the All Stars, colored team of Chicago, will take place. For those who do not desire such a strenuous game, there will be a twilight game between the business men's association and the Lions Club that will be called at 6:45. So you are sure to have your supper early and root for your favorite. An ambulance will be on hand to give first aid to the players.

During the afternoon an elimination tennis tournament will take place. There will be other games, including a horse shoe contest.

As twilight arrives, the municipal band will give the starting gun to the dancing starts in the gymnasium. Music will be by Nick's musical entertainers.

The great fireworks display will start as darkness arrives. They are from the Liberty Fireworks Co. of Franklin Park, who will have a representative on the grounds to fire them. The crowd will be kept sufficiently distant, to permit everyone to see the ground as well as the aerial display.

This celebration affords to Arlington Heights people a happy afternoon and evening at home. The highways will be crowded, there will be many accidents. The man who wants to celebrate the day can find here at home all of the enjoyment, without any of the disadvantages of holiday traffic. Spend the day in Arlington Heights will mean a happy celebration, but a peppy one which the youngest member of your household will enjoy—even if he has no opportunity to blow off his fingers with giant fire crackers.

Tennis Tournament

According to information given out by Noble Puffer, the manager of the tennis tournament to be held the Fourth of July, all entries must be in by Tuesday evening, July 3, at 6 p. m. A cup will be given to the winner of the singles and one cup to the winners of the doubles tournament. Eliminations will begin at 9:30 a. m. July 4. The tournament will be for men only and no entries should be sent that will not get in on time. Send all entries by mail to Noble Puffer, Arlington Heights, Ill. The fee for the singles is \$7.50 and \$5.00 each for the doubles or \$1.00 for both singles and doubles for one person.

Early Paper Next Week

On account of the Fourth of July, next week's edition of the Cook County Herald will be printed on Monday. Subscribers and reporters should send their copy to the publication office one day earlier than usual.

Former Arlington Couple Married At Maywood

A very pretty home wedding was solemnized Saturday evening, June 23rd at 7:30 o'clock when Miss Augusta Meentz, eldest daughter of Mrs. Carl Carstens and Ralph Schmidt, eldest son of Mr. and Mrs. Nick Schmidt, all formerly of Arlington Heights, were united in marriage at the home of the bride's aunt, Mrs. Fred Weinbauer Sr., 510 South 4th Ave., Maywood.

The Reverend Ellerbrake performed the ceremony.

The bride's attendants were Mrs. A. Blume, matron of honor, a sister of the bride, who wore a gown of pink tulle and carried a bouquet of pink roses, and Miss Katherine Weinbauer of Maywood, bridesmaid who was gowned in green tulle and carried a bouquet of tea roses.

The bride party entered to the strains of Lohengrin's wedding march played by Mrs. Fred Weinbauer Jr. of Maywood. Little Carol Ewald and Paul Pingel Junior carried a basket of rose petals which they scattered in the path of the bride. The bride was beautifully attired in a gown of white georgette and wore a full length veil of tulle and lace.

She carried a shower bouquet of bride's roses and sweet peas.

The groom was attended by his brother, Herbert Schmidt and Arthur Karch of Chicago.

Two solos, "O Promise Me," and "I Love You Truly," were sung by Miss Martha Helfers of Bensenville, cousin of the bride.

Mr. and Mrs. Nick Schmidt, parents of the groom celebrated on this date, their 25th wedding anniversary, entering with the bride party and taking part in the ceremony. Mrs. Schmidt wore a gown of gray georgette.

The ceremony was followed by a reception at Thierbach's hall to which 120 friends and relatives had been invited. During the reception several speeches were made and also a reading was given by Miss Alice Becker, cousin of the bride.

After the reception the bride and groom left on an extended motor trip through the western states including California. Upon their return they will make their home in Elmhurst.

Tri-Ply House To Be

Build on So. Mitchell

By Mr. F. J. Meier

Mr. and Mrs. F. J. Meier of South Mitchell street, Arlington Heights, have signed a contract for a stone Tri-Ply house that they will erect near the new school. It will be a five room bungalow and will be the first one of its kind to be erected here.

Geo. L. Folkers, of Mr. Prospect, has become associated with the building end of the business under the firm name of Northwest Tri-Ply Builders of Mr. Prospect.

Improving on It

"In your sermon you spoke of a baby as a new wave on the ocean of life," remarked Mr. Young Husband. "Yes," said the preacher, "a poetical figure of speech." "Don't you think," suggested Mr. Young Husband, "that a fresh squall on the ocean of life would hit the mark better?"—Capper's Weekly.

Class of Mr. Reed Gives Season Closing Recital

Monday night, Mr. Reed gave the closing recital of the season in the new hall of the M. E. church. The weather was rather unkind. Yet this did not hinder the parents and friends of the class of over sixty pupils. Mr. Reed has instructed during the year, from coming out to hear this well arranged and interesting program.

The hall was so attractively lighted, and all the placings seemed to add to the success of the affair.

There were two well executed hand piano numbers, and the younger pupils as always delighted the company. Although our right-minded and wise music teachers do not desire special praise to be given, thus publicly to individual pupils, one must say some of the older piano pupils are worthy of high praise for their really wonderful playing.

Mrs. Flynn, of Des Plaines, gave selected readings. To say they were an unusually and delightfully well given, not flung out in a high pitched oratorical tone, as so many amateurs assume, but given in a natural manner, as only a true reader and delineator knows to employ. Mrs. Flynn is the wife of Mr. Flynn, the theatrical director of the "Buddies Play" recently given by the community players. To say that Mrs. Flynn's artistic ability equals her husband's, is to express merited high praise.

Mr. Reed was especially pleased with the fine lighting, so well managed by Mr. J. Y. Beatty, which added to the success of his recital.

Best Story of the Week

The Herald has been asked to make sure that at least a sufficient number of Judge Byrd's friends are present when the airplane takes off on the Fourth, to keep that gentleman out of the cockpit. He insists that he is going along for those stunts. His associate says "no." They have no objection to the Judge breaking his neck if he really wants to do it, but the Lions club do not want him to do it on the Fourth of July. Des Plaines is having no Fourth celebration this year, on account of the accident that took place there a year ago. The Lions feel that the annual Independence day celebration in Arlington Heights are too important to be wrecked by Byrd—even if he is willing to break his neck.

A red hot race tip came near breaking up the regular Wednesday meeting of the Five Hundred Club. The members are pledged to be always present. There is none among those members who has been more loyal than Mrs. Race Track Fan. Until this Wednesday, she has been true to her pledge. It was Wednesday morning that she received a red hot tip that if she would be present at a certain place at a certain time, she would get a sure winner. Her husband came home from his work at noon to be sure that she was there. She went. The horse lost. If the tip had been a real one, her excuses would have been accepted by the club. Now what shall she do?

Suspending the Assembly

The president of the French chamber of deputies wears plain evening dress. Should the assembly become too unruly to be brought to order by even the most vigorous ringing of his bell, he puts on his top hat to indicate that the sitting is suspended.

A group of friends went to surprise Mrs. Albin Flodine in her home, her birthday Wednesday this week. The group was not as large as it was intended, because of illness of some. The company was convinced that their hostess was surprised when she came from her work in the basement with her vocals all fixed to scold her husband because he called her up every ten minutes. And lo, there they were. Oh it was a jolly company, and a jolly hostess. They said it with flowers, and much else with many wishes for happy returns of the occasion.

Miss Hausam's Pupils In Mid-Summer Recital

Friday night last week, Miss Hausam gave a class recital in the Methodist hall. The rain and threatening weather, did not hinder the large and appreciative attendance. Something over forty pupils took part in the program. There were duets, trios, and single numbers. It was pleasing to see three little people, in a prettily played trio, as is characteristic of Miss Hausam's pupils, the technique time memory, were evidenced.

The pupils who memorized their music seemed to be better masters of expression.

Miss Weiler, who has become a favorite with Miss Hausam's audiences, was present and delighted with her numbers.

The attendance of parents and friends proved their interest in the class. Altogether, this midsummer musical was a creditable success, and has been pronounced the best of all Miss Hausam's class entertainments. This, to one who has attended and knows the high standards and interest of those past, realize that this is the greatest praise could be given.

The harmonious setting of the hall and stage accounted for the enjoyment of the entertainment. It was a creditable success.

Arlington Heights Has Full Time Attorney

Mr. E. C. Rockwell, of Chicago, has opened an attorney's office in Arlington Heights. At present he has a desk room with the Arlington Realty Co., but as soon as the Landmeier hardware store occupies its new quarters, he will have an office in connection with W. E. Meier, upon the first floor of the building, that is now occupied by them. With the removal of the Landmeier tin shop, that building will be refitted into a commodious office on the ground floor for the realty firm and Attorney Rockwell.

Four meetings a month of about one and one half hours each, total six hours for the month.

Double that to include "patrol meetings"—makes twelve hours of inside work.

One hike will run about 36 hours or three times the inside work.

Give him a couple of blankets, a stew pan, skillet, digging tools (spoon, knife, fork) and some food for at least three meals. See how happy he will be and how much more he will get from his scout work.

Also, folks, just remember this all hikes are supervised by scout leaders and your boy is going to tell the other, "Gee, fellows, my folks are regular guys, they let me go on the hikes 'n do things."

You'll mean more to him and he to you.

Boy Scouts Attend Over Night Trip

Seventeen members of Troop No. 7 with the troop officers attended an overnight trip to the camp of the Isaac Walton club near Dan No. 2, last Saturday and Sunday.

The early part of the trip was most enjoyable and productive of advancement but someone turned on the sprinkler Sunday noon and forgot to turn it off.

However it takes more than water to beat out a "good scout" and the program continued until the arrival of the truck at 2:30 when the homeward trip began.

Many thanks are extended Mr. Jahn for his kindness in furnishing the transportation for both of our troop hikes.

It is however regrettable that none of our scouts do not turn out on the over night hikes.

Scouting is for advancement, for all that is good and that includes the item of "self reliance."

How much better off a boy is when he can do real things for himself and others. When he isn't afraid to rough it, cook his own meals and look after himself and others in the right way. That's one phase of scouting. Another phase is obedience. All are most thoroughly grounded in obedience in scout work.

And about 75 per cent of scout work is carried on during over-night hikes.

Here's how.

Four meetings a month of about one and one half hours each, total six hours for the month.

Double that to include "patrol meetings"—makes twelve hours of inside work.

Pretty Wedding In Palatine Church

WOLFF-DRESLER
A very pretty wedding and one of interest took place Saturday evening, June 23, 1928, in the Evangelical Lutheran church of Palatine, when Miss Elsa Annette Wolff, of this city, became the bride of Mr. Julius C. Drexler of Des Plaines, Ill.

The church was beautifully decorated with palms and cut flowers, the work of H. C. Blewitt, florist, Des Plaines. The Rev. Poellert of Palatine read the ceremony.

At 7:00 o'clock p. m., while Mr. Schroeder softly played the wedding march, the bridal party slowly proceeded to the altar.

Miss Hilda Hitzemann of Palatine, one of the bridesmaids, was carried in orchid georgette and gown and a huge bouquet of red roses. She was followed by Miss Eleanor Strutz of Chicago, who wore pale blue georgette and carried tea roses, the maid of honor, Miss Erna Krueger, also of Chicago, wore pink georgette and carried pink roses.

Little Bobby Stadel, nephew of the groom, acted his part beautifully as ring bearer. He carried a white lily in which the wedding ring was embedded. Little Helen Sieberg of Palatine, was the flower girl. She was dressed in peach chiffon, and carried a basket of sweet peas and snapdragons. As she preceded the bride to the altar, she dropped flowers into the bridal path.

Then, to the strains of Lohengrin's wedding march, came the bride, on the arm of her father, and met the groom at the altar.

The bride was gown in Ivory satin, trimmed with lace and pleated tulle. Her veil was held in place by a crown of lace to match her dress, and by a wreath of orange blossoms. She carried a shower bouquet of white roses and lilies of the valley.

The ushers were Mr. Chas. Gaare and Mr. Paul Knuth. Mr. Ernest Drexler, brother of the groom was best man.

After the ceremony the bridal party, together with about 80 relatives and friends partook of a

THE FRESH AIR CAMP HAS BIG WAITING LIST

Where They Come From
Many people will ask where the fresh air children come from. There could be at least eight camps in Cook county similar to Camp Reinberg. There are no less than 27,000 people who can be called wards of the county. At the present time, less than 3,500 of these can be accommodated at the one camp. Each of the county agencies has a quota that they more than oversubscribe.

The first group are from the bureau of public welfare; the second is divided between public welfare and the juvenile court; 3rd are the cardies; 4th public welfare; 5th Juvenile court and mothers' reunion; 6th, colored children; 7th, county agent and juvenile court.

The outings average ten days, one day elapses between the departure of one group and the arrival of another. This period is more than taken up with the cleaning of the buildings, washing of the beds, etc. The staff have only two free Sundays during the entire summer.

Strenuous as is the work at Camp Reinberg, there are many applications for staff positions. For a possible eight selections, Mr. O'Carroll had 1,173 applications. There were 276 applications for camp director.

Play Ground Equipment
All of the playground equipment has been replaced. Some of it was taken back to the factory to be repaired. Safety for the children is the first rule at the camp. Two new slides have been placed at the bathing beach.

The numerous prizes offered in the contests spurs the young people on to their best. Those contests cover almost everything, from the star camper, races, acts of skill to fishing ability. The latter is the latest. Fish lines are there and the flying tribe are numerous in the two lakes.

A Grocery Store
A visit to the storehouse reveals the stock of a grocery store. They only contain the supplies for two groups—there is not space for more. Cases of corn flakes extended to the ceiling. The consumption of bread is no less than 150 loaves a day. Other supplies are purchased in like proportion. While expensive food is not used, only the very best is served. The toddy that is served to the underweights twice each day is made up of half cream and half milk. In the present group

sumptuous dinner served in the school auditorium by members of the ladies aid of said church.

The reception took place at the home of the bride. The home was beautifully decorated, color scheme being pink and white.

Mrs. Drexler was formerly employed by the C. & N. W. Ry. Co. Her happy disposition and pleasing manner has won her countless friends. Mr. Drexler holds a reputable position in Chicago. He has been a resident of Des Plaines, living with his folks, for the past 17 years.

The happy couple were recipients of many beautiful and useful gifts.

At a late hour the newlyweds quietly slipped away for an auto trip through Wisconsin and Michigan, taking in the Dells and other places of interest.

Mr. and Mrs. Drexler will make their home with the bride's father, Mr. Henry Wolff of Palatine, Ill. Their many friends join in wishing the couple many years of happiness.

there are 90 who are receiving this health aid.

There is nothing like filling the stomachs of the children with nourishing food the first day. The menu for that occasion with the present group was a chicken dinner and hot biscuits.

Personal hygiene is also watched. Of the 450 children who came there this week, there were 140 who had no tooth brushes. They were provided with that implement to health. The county considers that money well spent.

Drinking Water 100% Safe
The office of Dr. Kegel, of the Chicago Department of Health have taken samples of the drinking water and also water from the bathing beach and have reported that both are 100 per cent pure for their respective purposes.

Camp Staff
Miss Blanch Pine is the superintendent of the camp and with Mr. O'Carroll has charge of the fresh air plant. The senior woman director has three recreational assistants as well as 16 boy scouts. In addition to the nurses in training, there are two registered nurses upon the grounds this year.

The orchestra has been increased to ten pieces, all boy scouts who are present for the entire summer. There are two cornets, two violins, two drums, piano, flute and two saxophones.

A reporter visited the boys' dormitory ten minutes after bed time was announced by the bugle. Everyone was in bed, the majority asleep. There was not a sound. In those ten minutes they had not alone retired, but had been inspected by the supervising scouts. That is the kind of discipline that is to be found at Camp Reinberg. Obedience is the first thing that is taught.

Scouting His Life Work
Mr. O'Carroll's regular work is with the juvenile court. His hobby is scouting. He has a troop of 78 boys, who won not only the city championship is scoutcraft, but also first prize for scout technique. His troop is only three years old. For nearly every boy in the troop, he has an adult member of the auxiliary organization. He says that a scout troop can function properly or be worth while, unless the parents are willing to cooperate to the extent of giving of their time and money to help put it across. His troop has its own club rooms two nights a week. They have their own piano and kitchen utensils, all the work of the members of the scout troop auxiliary.

Constable Meyers
Boards One In Jail;
Other in His Home
Constable Meyer finds that his job has many duties. His latest is giving free board to a youngster, whose dad he was forced to lock up until he sobered up. Mr. Meyer has a kind heart and he was glad to do the kindness. The father appeared to appreciate it the next morning. Sunday night, a Ford, occupied by two men and a boy, dropped off Elia road into the excavated Dundee road. The drop was not far, but the men were not able to help themselves to any great extent. After using all of their matches, the son was forced to flee from his father, who wielded a screw driver. The two men were under arrest and locked up before anything more was heard of the boy, who had sought shelter in a neighboring farm house. The farmer brought the boy to town when Meyer acted as the Good Samaritan. The local police aided Constable Meyer in getting the car and the men to the village hotel.

Man's Actions
The activity and soundness of a man's actions will be determined by the activity and soundness of his thoughts.—Henry Ward Beecher.

Niles Center People
Disgusted Over Phone Service; Many Complain

Why the Bell Telephone Co. expects their patrons in Niles Center and vicinity, to worry along with a completely inadequate one-horse exchange equipment for another year or two, is a mystery. It is unspeakable aggravation to the operators, disgusting to the patrons, and poor business for the Telephone Company.

Out of town people complain they can not get service into Niles Center, Morton Grove and neighborhood, and toll call patrons are finding mail service faster and far less annoying. Think of a person wasting forty-five minutes trying to get a call through to Arlington Heights. An auto can carry the message easily in less time. The service connection was not on party lines, but single lines and the message never got through, so the toll was lost. A common remark is: "I wanted to phone you, but no use trying to get a message through, it is just wasting a lot of time trying." Many of these would be toll calls.

The service facilities have been inadequate for three years, and the town growing all the time, with nothing but delayed promises in sight for answers to complaints of employees, individuals, business concerns and chamber of commerce. It is preposterous.

One excuse given for the Telephone Company's somebody "in the know," is that the revenue from Niles Center is not great enough to pay for better service. How can the revenue increase, when there are not enough toll lines to carry, anywhere nearly all the messages they would like to send and would send if they could only get reasonable service?

MORTON GROVE

Father Berge was on a retreat at Mundelein first of the week. St. Martha's annual picnic will be held on the church grounds on July 22.

Jerusalem Sunday school picnic was postponed to Sunday July 1, owing to the rain June 24.

Edward Meier and sons visited at Blue Island calling on John Volp of the Swat Standard where Mr. Meier was in the employ of John Volp some years ago.

John Schneider of Brookfield, brother in law of Edward Schuetz was buried Monday from St. Matthews church. Ainsley St. near Western Avenue, to St. Joseph cemetery.

Instead of a great picnic with a grand parade by the S. S. children of Jerusalem Lutheran church led by band, police, etc., we had the greatest downpour we ever experienced on a picnic day. It is therefore decided by the committee to hold the picnic Sunday, July 1. We were all sorry that the little folks had to be disappointed, but we hope they will be doubly pleased next Sunday when we hope sunshine and warm weather will greet us. Special efforts will be made to please the little folks.

Regular services will be held on July 1 at Jerusalem Lutheran church. The pastor who is attending the meeting of Wisconsin Synod at Milwaukee will be back June 30.

Though the rain came down incessantly Sunday and spoiled the picnic of Jerusalem Lutheran S. S. the men were undaunted and took shelter in the bowling alley where Mr. Geweke put up hams and sausages as prizes. The latter took well. E. Voss seemed to be able to spill the beans, we mean the pins, at will and he filled his ladder with hams and sausages. Monday morning he was at the church bright and early. Doubt was expressed as to whether he had come to haul home the loot he made at the picnic day or whether he thought that there were still some more to be gotten. In the latter case he'll have to wait till next Sunday. H. Siegel didn't get the breaks and we are sorry that his sandwiches will be minus the ham and sausages for a week. But cheer up, Herman, it's only for a week. What good bowler could bowl in such weather? Wait till next Sunday when Old Sol will smile on us, we'll bet on you. Mr. Geweke says he'll have plenty of the same kind on hand. So come and bring your friends and the little folks, July 1.

Misses Margaret Brandt, Frances Heidtke have returned from a two week's stay in New York and Washington.

Rev. and Mrs. Otto Heidtke went to Milwaukee to attend the funeral of a nephew.

The people of Morton Grove are asked to attend the next meeting for planning the Morton Grove Day program to be held July 2 at 7:30 in the village hall anyone having any suggestions to make is invited. The following were elected: Max Finke, chairman; Geo. Harter, treasurer; Mrs. Frieda Senne, secretary. Finance committee: Fred Hurscher, Frank Froese and George Harter, Fred Tuehr, Ed Meier, Otto Frank, Harter and Clarence Dahm. Program: Louis Sickinger, Mrs. John Stegmeyer, Mike Kasper, Alvin Peters and Ray Harter. Marshal of the parade Chief Stegmeyer.

We are glad to hear Mrs. Marie Hurscher is improving and hope she will soon be able to be about.

Bensenville Girl Passes Away

At 8:20 a. m. Wednesday, June 27, 1928, God in his mercy relieved Thelma, daughter of Mr. and Mrs. Harry Miller, of her sufferings. Deceased was 15 years old March 15, 1928. At the age of 1 year she had a bad case of measles which left her entire system in a somewhat paralyzed and stunted condition. About four years after her illness the parents had hopes of her outgrowing the ill effects of the disease. Then it became noticeable that the inner vital organs, the organs of speech as well as her mind were so affected that no cure for them was known to medical science. A young lady in years, a child in statue, an infant otherwise, her parents, sisters and brothers lovingly cared for her through her years of almost constant illness and suffering till God in his infinite mercy commanded her spirit to come home and permit her poor withered body to be laid away to rest in peace. Funeral services will be held at 2 p. m. Friday at The First Evangelical church and interment made in a Bensenville cemetery. The sympathy of the community is extended to the bereaved family.

School Census Shows Franklin Population

Mrs. Frank Case has just completed the school census, which discloses the fact that district 84 has a total population of 2537 people. Children of school age, 628; children going to other than public school, 165. The attendance the first month of the last school term was 280 pupils and the last month of the term shows 276 pupils.

This census gives us a pretty fair idea about the population of our village, however, it does not include the entire village on the West, but takes in some portions of River Grove on the East which just about offsets the difference.

Opportunity Is Again Offered You!

These prominent citizens of Arlington Heights were quick to respond when opportunity for a profitable investment was offered them. As a result of their good judgment, they received the advantage of "ground floor" prices in the first section of Stonegate. You, as a citizen of this community, well know the judgment of these men is sound. You are

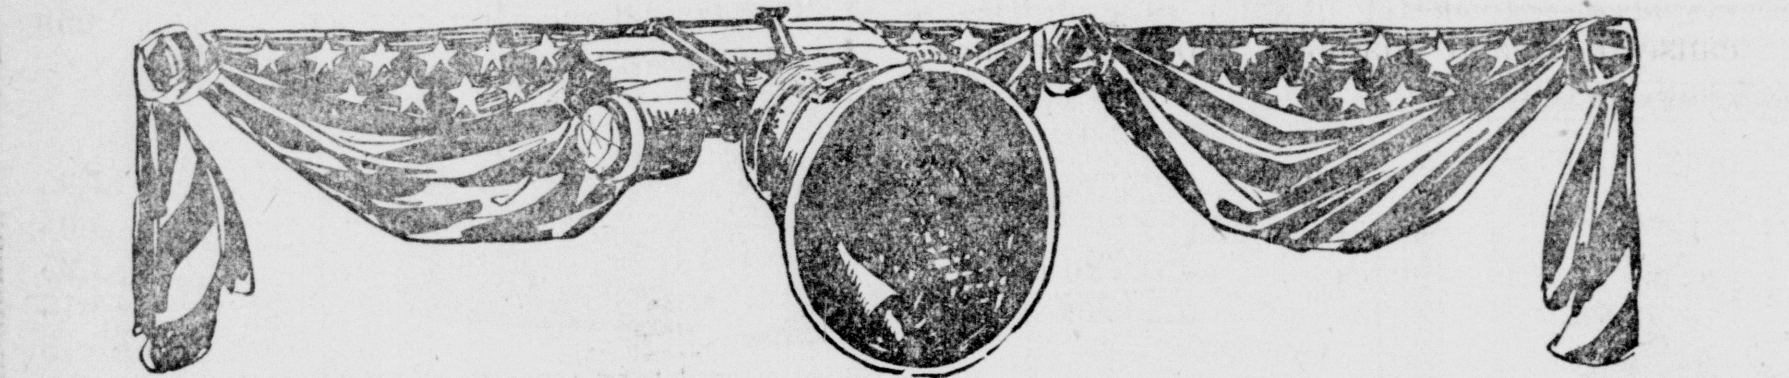

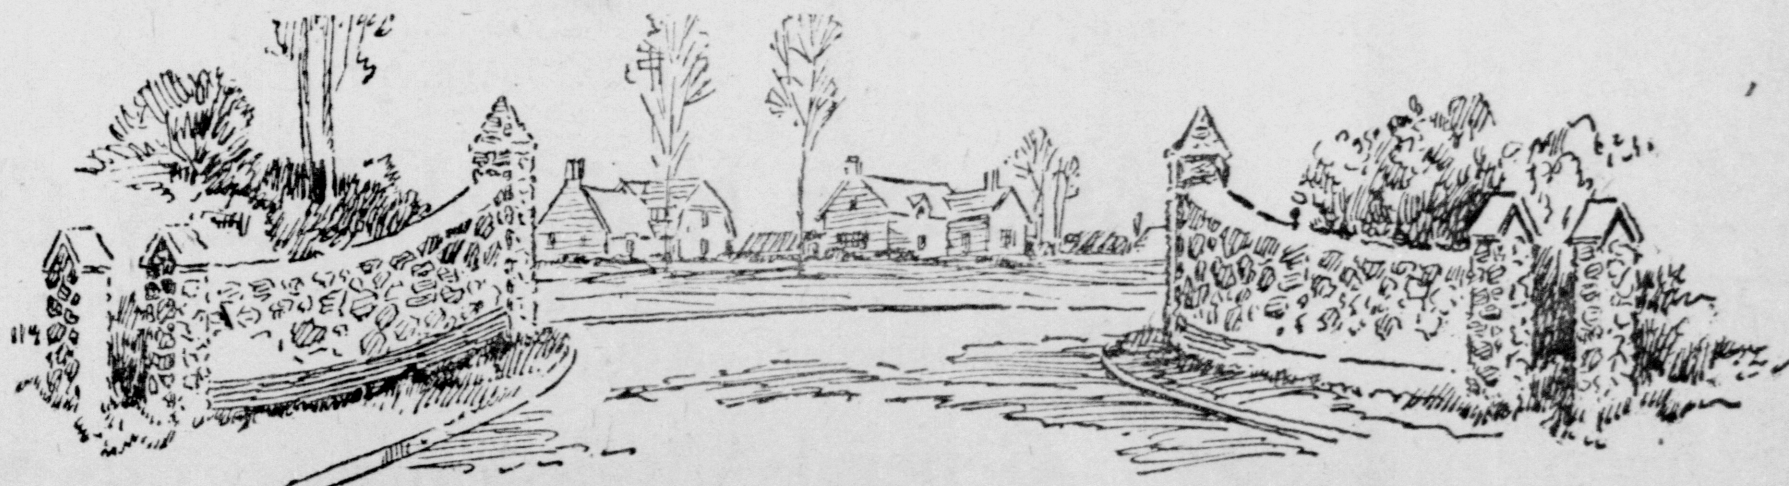

probably aware that the first section of Stonegate was sold out in record time. If you have made a comparison you know that Stonegate lots will soon be valued at from \$5,000 to \$6,000. Yet they now sell for practically one-fourth of this amount. And your investment requires an initial outlay of only a few hundred dollars down and a very few dollars a month.

Profits at Your Very Door

And, now, opportunity is again offered. Today, the second section of Stonegate is presented to the people of Arlington Heights. Early investors will again have the benefit of opening prices. Our full-page announcement in Saturday's Chicago papers will bring hundreds to the property. You will want to make your selection before they arrive. Friends whom you know and respect have

shown the way. Don't overlook the profits at your very door! Come to Stonegate today, any evening, or Sunday morning. See our beautiful Demonstration Home—the most interesting in the entire Middle West. And select your own property, so that you, too, may share the rapidly increasing values being created by our tremendous building program!

Story to be Filmed At Chicago Rodeo

Hoot Gibson, famous western motion picture star, will make his next picture at the Chicago Rodeo at Soldier Field, July 28 to August 5. A deal to this effect has just been made between Gibson and Tex Austin, managing director of the rodeo.

Last summer, B. M. Bower, who has written more cowboy novels than any other living author, attended the rodeo and later wrote a novel entitled "Rodeo," one of the series of "Chip of the Flying U." Gibson bought the picture rights to this novel and will turn it into a film here.

The famous movie star will bring a small company from Hollywood to take the principal parts in the picture and will use the regular scenes at the rodeo for the sensational thrills which are expected in which he has ever appeared. The acted parts of the picture will be taken at Soldier Field in the mornings and the camera men will "shoot" at the bronk riding, relay racing and other events in the cowboy contests in the afternoon. Efforts are being made to arrange to take pictures during the night contests.

Gibson competed in many western rodeos before going into the movies and was rated as one of the best bronk riders and steer-wrestlers.

EAST MAINE

Marcus Toepel of South Dakota is spending his vacation at the home of his uncle, Rev. Toepel.

Ed. Altenburg, with relatives and friends, celebrated his birthday Saturday night.

During the severe rain storm Friday, lightning struck Otto Haase's barn, but as Mr. Haase noticed the fire immediately, not much property damage was done.

The "Unterstützungsverein" of East Maine held their annual outing last Thursday at Round Lake. As it was hot, and an ideal day for a picnic a wonderful time was had by everybody. Numerous games were played, among which were the watermelon race and baseball game.

Mr. and Mrs. John Jaacks motorized to Burlington, Wis., last Friday on a sightseeing trip.

The baseball game scheduled with Schiller Park and East Maine Sunday, was postponed on account of rain. Next Sunday East Maine will meet Niles on the Niles grounds. Here's hoping the weather will be nice and a big crowd out to cheer for the home team.

The annual picnic of the Evan Luth. Church will be held on the church grounds July 4. The committees are planning plenty of amusements and games and are assured that everybody will have a good time.

Quite a few wrecks occurred the past week, due to heavy rains and the heavy traffic on Milwaukee avenue. Garages were kept busy towing in cars all Sunday afternoon and evening. The widening of the pavement will probably save some accidents, when it is finished.

The editor is glad to hear that our esteemed East Maine reporter is enjoying a delightful trip down east with a party of over 100 jolly young people in four auto busses, preceded by auto trucks, carrying camping outfits and traveling hotels so they can enjoy luxurious comforts enroute. They are spending three days taking in the sights at the U. S. Capitol. They are to proceed Friday on toward New York City and expect to get back home about July 8 or 9. As soon as our reporter gets rested, after her long auto ride, we expect Miss Mabel Steil will furnish our readers an entertaining account of her sights and pleasures on this trip.

Fifty-Three Boys Depart for Camp

Seven o'clock Monday morning saw 53 enthusiastic Boy Scouts off for the first period of camp.

In spite of the mist that was falling the boys were all in high spirits. What a little rain in their young lives anyway, with visions of 14 glorious days at camp ahead of them. Camp days are days that no boy forgets. Days when he is away from his mother's care, days when he is his own master, each man a king. 14 days to do nothing but have a grand time with the gang. Meeting new boys, chasing away the little pang of homesickness, and knowing that other boys are doing the same. Days of constant association with scoutmasters and assistants, the pick of American manhood, the boys ideal.

A boy may think the world and all of his father, may worship his mother, but the man who is his "God" is the man who can play with him, the man who never fails to know the answer to all his questions, the man who can tie the right kind of a knot at the right time, the man who can tell him the funny little things about animals that he never had imagined, that man is the hero of his dreams.

Camp, the haven of boyhood.

Is your boy going to camp?

Mr. Chas. Balling Jr. is the proud owner of a new airplane. Although not yet a licensed pilot, he has as a flying partner a Mr. Larson of Minnesota, who has had about 1500 hours of flying during about 5 years in the aviation field. They hope to locate at some field in the near community. If unsuccessful in this respect they will "shake the dust of Illinois from their wings" and fly to some more promising state.

Predicts Bumper Crops for West

Chief Mulso's return home last week has brought some news on crop conditions in the Dakotas and Minnesota. As you all know the Chief was called to his boyhood home, due to the serious illness of his mother, who passed into eternity a week ago Monday and was laid to her last earthly resting place on Wednesday of that week. It is only natural that our sincere sympathies extend to Chief Mulso and in stating this the editor believes every reader of the Herald joins him.

Upon return of the Chief to Mt. Prospect, he informed the editor that crop conditions in both of the Dakotas and Minnesota, were as fine as he had ever seen them and that if ever a bumper crop was to be harvested, it looked like they would have one this year. The weather has been ideal and everything is in the farmer's favor, even if Hoover received the Republican nomination.

Playground Rules Of Mount Prospect

The chairman of the public grounds committee, requested the editor to publish some rules the children should observe in using the apparatus on the playground.

First: Do not stand on the swings, as this is dangerous and not necessary to secure maximum speed.

Second: Do not jump off the teetors while your playmate is on the other end of the board, as this may cause serious injury to him or her.

Third: When on the Giant Slide, be careful not to let go of the handles while the full swing is going as this may hurt a playmate. Do not try the high flier, as you may hurt yourself.

Fourth: When you are told not to do a certain thing by the police or other authority, be sure to obey or you may be refused the use of the playground until you can obey instructions.

The playground is for the use of all the children of Mt. Prospect and was put there for that purpose by the village board and the chamber of commerce.

An Invitation To Mount Prospect

The Arlington Heights Lions through their president, H. J. Byrd have asked the Herald to extend to the citizens of Mt. Prospect, a special invitation for the Fourth of July celebration, to be given at Arlington Heights.

A good time is assured one and all who attend and the committee in charge of this affair, have done everything possible to arrange a program that will interest young and old.

William Busse is to be one of the principal speakers of the day. There will be games and races galore, two bands and in the evening plenty of fireworks. So if you want to help our neighboring village celebrate in a safe and safe way, do so by attending their celebration on July Fourth, 1928. They welcome you.

Thistle Time Is Here; Be Sure to Cut Them

Now is the time to cut the Canada Thistles you may have on your property. If you do not do this and you live in Elk Grove township, the Thistle Commissioner will present you with a nice white slip of paper, which will mean a penalty for you to pay. Cut your thistles now, and you will save your self considerable trouble as the statutes provide that you, and you alone, are responsible, if you allow thistles to bloom and mature their seeds upon your land, be you either owner or tenant.

The village of Mt. Prospect is doing its share to get rid of this nuisance, but it requires co-operation on all sides.

Let every property owner look over his land and see that it is clear of these thistles. Let him talk to his neighbor about getting them off of his land. Work together and you can beat the biggest enemy to crops we have. Co-operation is the way to success.

LINCOLN PARK LOANS ANIMALS TO DEER GROVE

Supt. Parker of the Lincoln Park zoo, visited Camp Reinberg at Deer Grove the other day and offered the animal and bird cage to equip the animal and bird cage with specimens from Lincoln Park. He also inspected the deer at the preserve and advised that efforts be put forward to introduce a stronger breed. The animals there appear to be rather weak.

Mr. Parker expressed surprise over the equipment at Camp Reinberg and was more than pleased to be able to do his part towards giving enjoyment to the fresh air children.

Among the innovations that arrived at the camp this week was a new cabinet size 7 tube radio, the gift of President Cermak. This radio has been placed in the cabin of the camp director, where a boy scout is always present. An appropriation of \$100 has been secured for the purpose of constructing two additional loud speaker extensions. One will be over near the girl's section and the other near the boys dormitory. This will be a great help.

The colors of Camp Reinberg are green and white. With the side-walks and roadways in white and the green grass, Mr. O'Carroll decided to carry out the same colors in the buildings. The exteriors are painted green and the interiors white. Many of the buildings look resplendent in their new dress.

The foundation and floor is completed for a second boys dormitory, for 20 beds. A new help cottage has been constructed. The staff dining room and conference quarters has been completely enclosed and improved.

The changes about the grounds are not confined entirely to the buildings. The county gardener looked over the grounds last week, and large flower beds will soon be in place. Sixteen hundred lineal feet of new sidewalk has been constructed this spring. New roads and paths have been laid out. These are to be graveled and covered with white screening. The first camp fire in two years was held Wednesday night, making use of the new cement supported permanent seats. Mr. O'Carroll found that the moveable seats were endangering the limbs of the children and he held no more camp fires until some permanent seating plan could be installed. Cement pillars now support the planks to which they are fastened. These seats grouped in a semi circle around a hollow before a wooden stage and a huge camp fire upon one side, make the outdoor entertainments especially inviting and enjoyable.

O'Carroll Hall, which was built and improved at practically no expense to the county now has permanent electric wiring and fixtures, the latter installed entirely at the personal expense of Mr. O'Carroll. The balcony has been enlarged. Permanent easy opera chairs have been installed for the mothers. This hall which serves as a church on Sunday and a theatre on other nights will seat over 500.

Through the courtesy of numerous Chicago picture houses, a feature movie with a comic will be shown twice each week in O'Carroll Hall. The camp director received letters this week from 21 such houses offering to cooperate without cost to the camp, to provide the films.

A new tennis court has been laid out.

Doctor: "You are run down—no violent exercises—What are you?" Patient: "I am an anarchist."

Doctor: "Then don't throw any 'pineapples' for a week or two."

Yes-sir-ee, I had fully decided to keep in step with the weather, that is, tell you something that would make the tear drops run down your back, and as the "boys" are again wearing suspenders, have them drop down the said suspenders, but to and behold, "Old Sol" has again appeared with his rays, and same are shining on both sides of the street at this time, so I will try to think of something cheerful for this week. Further and more, unless you are washing your face in a strong solution of alum, you will have no trouble in bringing the old smile back again, at least for a few minutes.

Perhaps a little later I will come back to the Scotchman and the Irishman, but at this time I am going to "pick" something for the Veterans of Foreign Wars to "pick on."

There was a sergeant in a cavalry regiment who was having a hard time drilling some raw recruits. They couldn't stick on the horses' backs.

"Mind now," said the sergeant, "you're not to dismount under any circumstances."

One of the men fell off, and the sergeant roared at him: "Didn't I tell you to stick on?"

"Couldn't help myself," said the soldier.

"Oh, I suppose you had orders from headquarters?"

"No sir, from hindquarters."

A sergeant had a squad of recruits out for rifle target practice, and was disgusted with their poor shooting, especially that of one of the men.

"Say," he said, "You're the bum-shot in the whole regiment. You're no good at long range and work, you're rotten at the short range and you're worse at the medium. I don't believe you can hit anything. The best thing you can do is to go behind those bushes and shoot yourself."

The man said nothing, and the sergeant turned his attention to the other men. In a few minutes he heard a shot from behind the bushes. He rushed over, dead with visions of the recruit lying down from a suicide's shot. But as he got there, the "rookie" stood up and greeted him with: "It's alright sergeant; I missed again."

Graduates Of St. Pauls Have Fine Program

The graduation exercises of St. Paul's Lutheran Christian day school took place on Sunday afternoon. Mr. Buscin, the superintendent of the Northern Illinois district was present and delivered a most wonderful address. He took the class motto: "Be thou faithful," as his subject. The Rev. J. Mueller also addressed the class and audience. Harvey Busse gave the welcome address. Ella Grasmick recited the class history and Emma Siedel had the farewell speech, which was very touching. After this the diplomas were presented by the Principal, Mr. M. Haasz. The following are the names of the graduates: Harvey Busse, Clarence Grimm, Herbert Froemling, Alfred Drewes, Kent Kirchhoff, Vernon Soemksen, Erma and Edna Pohlmann, Ella Grasmick, Leona Maleske, Emma Seidel, Elvira Meyn, Alma Krueger, Ordale Panke, Leona Mulsu, Luella Katz and Edna Menshing.

MT. PROSPECT

On account of the heavy rains, and wet grounds, the Jolly Bunch have not held their outing as reported but are postponing this pleasure until a near future day. Members will be notified the exact day.

In connection with the graduation exercises and picnic program of St. Paul's Lutheran church, the Ladies Aid served a very large crowd with dinner and supper. Although it poured almost all day the bunch were good true stickers until the end.

The annual convention of the Northern Illinois district of the Lutheran Mission Synod took place at the Lutheran Teachers' college at River Forest. Rev. Alex Ulrich of La Grange as president of the district recited at all the meetings. Our Rev. J. Mueller and three teachers also Mr. Oehlerking as delegate attended these meetings. The district numbers 165 pastors, 175 congregations and 300 teachers of parochial schools. Sessions ended Tuesday afternoon.

We are sorry to hear our good patriotic "Mother Tubbs" (Mrs. A. Fleisch) is laid up with a sore foot. But she sure has a good nurse in Mrs. Ray Fleisch. Here's hoping she will soon be up and around again.

Some of our young folks are planning a picnic at Deer Grove on Saturday. Let's hope there will be more sunshine, so they enjoy a real good time.

A very interesting A. L. L. meeting was held on Thursday evening, the social part of it was quite jolly as they had a debate on ice cream and smokes, what side won. What side do you think?
